Exmouth Town Council – Looking to the future to improve the quality of life for Exmouth residents, the experience of visitors and build on the characteristics which make Exmouth special.

MARCH 2025

A MESSAGE FROM THE MAYOR

Over the past year, it has been an honour to serve as Mayor of Exmouth and to represent our wonderful town. Throughout my term, I have had the privilege of meeting many residents, organisations, and community groups while carrying out my duties.

Attending a wide range of local events and engagements has given me the opportunity to witness firsthand the incredible work of both volunteers and dedicated staff who contribute tirelessly to making Exmouth a welcoming, safe, and vibrant community. Their commitment and efforts are truly inspiring.

In addition to these engagements, I have had the privilege of leading the town on various civic occasions, including the Remembrance Sunday service. This poignant event brings our community together in reflection and gratitude, honouring those who gave their today for our tomorrow. I would also like to extend my thanks to the volunteers involved in our local festivals, the Tourist Information team, and the Beach Wheelchair service, all of whom play an invaluable role in ensuring that Exmouth remains inclusive, accessible, and enjoyable for residents and visitors alike.

Finally, I would like to express my sincere gratitude to my fellow town councillors and the dedicated staff of Exmouth Town Council. Their hard work and commitment continue to make a positive impact on the town, not just in the present but for the future as well. It has been a pleasure to work alongside such passionate individuals who share a common goal of enhancing our town for all its residents.

Councillor Joe Whibley

LOCAL COUNCIL AWARD SCHEME QUALITY

Town Clerk

LISA BOWMAN

As your Town Clerk, I am pleased to share an overview of the varied work undertaken by Exmouth Town Council over the past year. Our dedicated team of 25 Councillors, representing five wards, and our committed staff team of 13 have worked hard to enhance the quality of life for all residents and visitors. Much of this work is delivered through our numerous working parties which allow the Council to address specific issues and collaborate with higher tier authorities to improve the quality of life in Exmouth. Officers and councillors of Exmouth Town Council also actively represent the Council on various external bodies, ensuring that the interests and concerns of the community are effectively communicated and addressed in wider regional and national forums.

As you would expect, we have actively engaged with South West Water to address sewage spills and infrastructure issues, while also voicing our concerns about new housing and the pressure on local infrastructure, such as healthcare and traffic, in response to the district council's emerging Local Plan.

Our other key areas of focus this year have included our ongoing environmental and community resilience initiatives, delivery of our popular community events, including Exmouth Festival and Exmouth Winter Festival, and our promotion of Exmouth as a key tourist destination through our management of the Visit Exmouth brand and our Tourist Information Service.

We also remain committed to delivering the priorities identified in the Exmouth Neighbourhood Plan and preserving the unique characteristics that make our town special.

I hope that this newsletter demonstrates our ongoing commitment to uphold the principles of our Quality Council accreditation to promote best practices, foster community engagement, and drive continuous improvement in all aspects of our work.

Thank you for your continued support.

CiLCA
Certificate in Local Council Administration

Finance Committee

Exmouth Town Council's Finance Committee meets once a quarter and has delegated responsibility for monitoring the Council's budget.

For the year ending March 31st 2025, the Council budgeted to spend £877,000 across its range of services. £761,000 of this was raised via a precept request to East Devon District Council, which is recovered via the Council Tax billing process. The remaining income comes from a variety of other funding sources, including the Council's own reserves and external funding.

The Committee is also responsible for reviewing and approving grant applications which are administered under the Council's grant and service level agreement policies. In 2024/25, a total of £52,820.70 was awarded to a range of community groups, local services, and charitable organisations and this funding reflects the council's commitment to supporting health and wellbeing, community development, cultural activities and local environmental initiatives.

Each year, the Council's financial accounts and statements must be examined by an independent internal auditor appointed by the council. For the year 2024/25 this is Thomas Westcott Chartered Accountants. The Council is also required to complete an Annual Governance & Accountability Return (AGAR) which includes the findings of the Internal Auditor, together with Governance Statements and year-end Financial Statements. The AGAR is then submitted to the independent external auditor appointed by the Audit Commission for examination, PFK Littlejohn LLP. There is a public inspection process, but the full Annual Governance and Accountability Return (AGAR) documents and internal audit reports are also available to view on our website, where you can view details of payments for goods and services over £500 and grants to local not-for-profit organisations.

Planning Committee

The Town Council's Planning Committee is a statutory consultee for planning issues affecting the Town. It meets fortnightly to discuss and comment on planning applications which have been accepted and are being processed by East Devon District Council. These applications include the development of new dwellings, change of use, extensions, advertisements and works to listed buildings and trees. We are guided by the National Planning Policy Framework, East Devon District Council's Local Plan and Exmouth Neighbourhood Plan when compiling our responses.

We also comment and make representation, where necessary, on the District Council's licensing and street naming consultations. Occasionally, a Town Council representative will attend the District Council's Planning Committee meeting to add weight to our views.
The committee comprises a cross section of 11 members from all five wards. Members of the public are welcome to attend and can make representations.

2024/25 has been a busy year for the Committee. We have deliberated and commented on 223 planning applications and multiple licensing applications.

We have also contributed to the emerging local plan consultation and raised concerns through that process about the level of development that is proposed for the Town in future, particularly in the context of ongoing infrastructure pressures.

Town Maintenance

CHETNA JONES
DEPUTY TOWN CLERK

Exmouth is independently recognised as a beautiful Town and everything we do is aimed at ensuring that Exmouth is a place that people want to live in, work in, visit and enjoy. Our ambition is to be an outstanding council which works together with local people to create a vibrant community, economy and environment, now and for future generations.

Our town maintenance team helps to maintain our beautiful environment through weed clearing, strimming, cutting grass, pruning plants and hedges, collecting litter and debris, cleaning and painting various assets around the town as well as assisting in setting up and clearing away during events such as Exmouth Festival. The town maintenance team comprises of Tony Slinn, Peter Habgood, Neil Burns (left Jan 2025) and Stephen Greenway. We recently said goodbye to Neil and are recruiting but we are hoping to be back to a full team shortly.

The team also carries out grounds' maintenance to provide colourful displays in roundabouts, beds, and planters in key locations around the town. Flower towers, hanging baskets and troughs can be seen with an abundance of colour brightening up areas. Watering is a big task, particularly in the dry summers when our water bowser is in use every day.

The Town Council has recently taken the decision to improve its ability to tackle road weeds and work more efficiently. It will be acquiring a multi-use road sweeper with weeder attachment. This will enable the team to cover more ground, improving on the very manual slow process currently utilised. More news of work carried out will be provided once we have taken delivery of the new vehicle. Look out for us using the road sweeper from April and let us know what you think.

(photo credits: Marion Drew).

New multi-use shared footpath in Bapton Valley

Readers may be aware that a footpath exists within Bapton Valley Park between Partridge Road and Pound Lane, with an intersection to Parry's Farm Close. In the past, this footpath was only suitable for pedestrians because barriers at the entrances prevented cyclists, wheelchairs and prams. Exmouth Town Council worked with the landowner, East Devon District Council, to create a multi-use shared path and as a result, the Valley Park has been enhanced to be more inclusive to all users. The work was funded from Community Infrastructure Levy (CIL) funding that the Town Council receives from housing developments in Exmouth. The Council uses the Exmouth Neighbourhood Plan to help inform how we spend our CIL receipts and this project was identified in the Exmouth Neighbourhood Plan, specifically under Action NEA4A, which promotes the extension and enhancement of the Valley Parks, and for public movement to and within them.

Other projects supported by our Town Maintenance Team

BIKE COLLECTIONS

Since April 1st, 2024, the Town Maintenance Team has collected 103 used and redundant bikes from Exmouth residents and delivered them to Ride-On in Exeter for refurbishment and re-sale to the community.

BUS SHELTERS

The team helps to maintain our bus shelters and residents in Littleham will (hopefully) have noticed that we have recently repaired the roof of a wooden bus shelter in Cranford Avenue.

EXMOUTH IN BLOOM

We are pleased to support Exmouth In Bloom throughout the year and we were delighted to learn of their wonderful successes in the 2024 RHS South West in Bloom Awards.

TREE PLANTING

Exmouth Town Council has been busy helping with tree planting, from individual trees in The Avenues to Tiny Forests.

Zoey Cooper

CLIMATE OFFICER

TACKLING THE CLIMATE & NATURE EMERGENCY

Last year was a busy year in which we continued to focus on the five key areas outlined in our Climate Action Plan: waste, food, energy, transport and the natural environment.

WASTE

In line with our objectives, we continued to promote the Exmouth Reusable Cup Scheme with various digital campaigns to raise awareness and encourage borrowers to return their cups. We even had our very own Exmouth Cup post box topper outside High Tide cafe!

To reduce waste from hygiene products, we have supported Bosom Buddies to launch a Real (Reusable) Nappy Scheme. The group meets once a month in the Eco Hub at Sideshore. We have also been promoting reusable period products, with various school visits and more workshops planned for July 2025.

With Plastic Free Exmouth, we have been raising awareness of the problem of cigarette butts (studies show cigarette butts are the single most collected item in beach clean-ups and litter surveys) and have installed three “Cigarette Butt Ballot Bins” (outside The GWR, The Pavilion and The Bath House). The ballot bins are customisable ashtrays, proven to reduce cigarette butt litter by up to 73%.

FOOD

To launch our endorsement of the Plant Based Treaty, we hosted a free plant-based bring and share event at Open Door in May. We have been supporting the regular Plant-Based Exe-Change bring and shares at the Eco Hub, and we attended Exmouth Community College’s open evening with some plant-based milk and biscuits taste-testing. Any catering for climate-focused events is now 100% plant-based.

ENERGY

Last winter we teamed up with Devon Communities Together to offer free advice on how to stay warm and save money on energy bills. We attended warm spaces, drop-ins and ran workshops in the community. With a thermal imaging camera, we offered free audits to show households where they were losing heat from their homes. This year we have partnered with ECO Advice to provide selected Exmouth homeowners with a free Retrofit Assessment. Details of the audit and improvements will be shared with similar houses in the area.

TRANSPORT

We hosted a free showing of the film “Chasing the Sun” in the Town Hall, celebrating the power of the bicycle (more than 80 attendees). Following the film, we led a discussion with the producer (Pip Piper) and other local Active Travel experts on how to promote and support walking and wheeling in Exmouth. As a result, the existing Active Travel Exmouth group has grown in numbers and motivation, and meets regularly in the Town Hall.

NATURAL ENVIRONMENT

We continue to encourage all homes to think about wildlife by installing hedgehog highways, bee and insect houses, swift boxes and small wildlife ponds, and have actively promoted Devon Wildlife Trust’s Wildlife Garden Award Scheme. We have promoted rainwater harvesting and installed 3 water butts in Exmouth, including an industrial-sized one at the back of The Pavilion for Exmouth in Bloom to water the Sensory Garden. We are supporting Fernbank to replace bus shelter roofs with sedum ‘living’ roofs and convene a bi-annual Tree Forum to facilitate the planting and maintenance of trees and hedgerows in Exmouth. Our Town Maintenance Team kindly planted some young trees in the empty tree pits in Cranford Avenue. And many of our councillors have been involved with the 2 Tiny Forest projects.

COMMUNITY OUTREACH, FESTIVALS AND EVENTS

Last year, with Sideshore Community, we hosted “Magpies - A Thrifty Festival”: a week of free or pay-what-you-can activities to encourage folk to refuse, rethink, repair, repurpose and reuse before recycling (or buying something new). We co-created activities with the community college, various primary schools and Knowle Hill Recycling Centre.

We were tasked to measure the carbon footprint of the 2023 Exmouth Festival and reduce the following year’s carbon emissions. The 2024 Exmouth Festival had a strong focus on sustainability, embedding the theme of “Treading More Lightly” into the selection of stalls, performers, artists and traders. The message was loud and clear and the 2024 festival reduced its travel footprint by 10% and its overall footprint by 5%.
We ended the year with “Craft Your Christmas” - a very popular free art and craft event at the Salvation Army Hall, focused on how to enjoy a sustainable Christmas. And showcased our eco activities across the year on a stall at Jingle and Mingle.

Our Climate Officer, Zoey Cooper, is in the Eco Hub at Sideshore every Wednesday afternoon to talk through our Climate Action plan, provide advice and signpost to relevant local community groups.

Our Climate Officer, Zoey Cooper, is in the Eco Hub at Sideshore every Wednesday afternoon to talk through our Climate Action plan, provide advice and signpost to relevant local community groups.
With Transition Exmouth and Sideshore Community, we convene a regular meeting of local community groups dedicated to tackling the climate and nature emergency in Exmouth: This is the Exmouth Climate and Nature Climate Action Network (CANCAN).

We have started to coordinate a Green Team of volunteers to offer a helping hand at some of the many events and activities and our Climate Officer (Carbon Literate and Climate Fresk accredited) regularly delivers talks and/or training to local groups and organisations.

Exmouth Town Council also supported Maggie Irving's pilot comedy event "What's So Funny?" on February 19th in Ocean.
We enjoyed a lively workshop that combined comedy with climate change, to find much-needed humour in some serious topics!

Celebrating our sustainability successes

Last year, Exmouth Town Council started to receive some recognition for the 5+ years of hard work and dedication to embedding sustainability in our council business and community engagement. Exmouth Town Council is proud and delighted to announce that it won the prestigious National Association of Local Councils (NALC) Climate Response of the Year 2024 award. The award was presented to Zoey Cooper at the House of Lords on Tuesday, 25th February 2025, in recognition of the council's exceptional commitment and innovative approach to tackling climate change at a local level.
The NALC Climate Response of the Year award celebrates the efforts of local councils that have demonstrated leadership and innovation in tackling climate change. By winning this prestigious award, Exmouth Town Council has set an inspiring example for other town and parish councils across the UK.

Zoey was also awarded "Newcomer of the Year" in the Resource Hot 100 and even made #9 in the top ten! The Resource Hot 100 celebrates individual achievement in the waste and resources industry and an "In Your Neighbourhood" award for the town's various environmental initiatives, including the sedum bus roofs and rainwater harvesting.

Veronica Boatman

TOURIST INFORMATION OFFICER

Exmouth Town Council Celebrates 10th Anniversary of Managing Tourist Information Service

2024 marked the 10th anniversary of our Tourist Information Service, a vital resource for both visitors and residents alike. Over the past decade, the service provided by the town council has grown significantly, starting with a humble summer house on The Strand to now operating from permanent premises in the heart of Exmouth. What began as a seasonal initiative in 2014, has evolved into a year-round operation, providing invaluable information on local attractions, events, and activities. The service is run by a dedicated team of 15 volunteers, who have been instrumental in its success. Their commitment and enthusiasm have helped the Tourist Information Service become a key pillar in the town's support for tourism and community engagement.

The origins of the service are a testament to the council's dedication to promoting Exmouth as a destination. Ten years ago, the council identified a need for a central point where visitors could receive information and guidance. Led by Councillor Bill Nash, a summer house was set up on The Strand, and since then, the service has flourished, expanding its offerings and securing permanent premises that reflect its importance to the town.

The Tourist Information Service has not only provided assistance to countless visitors but also plays a role in promoting local businesses, attractions, and events, fostering a strong connection between Exmouth and its surrounding areas. We are proud of what we have achieved.

Devon Tourism Awards Bronze Finalist

Exmouth Tourist Information, managed by Exmouth Town Council, is delighted to announce its BRONZE win at the 2024 Devon Tourism Awards. This achievement highlights the service's commitment to excellence and dedication to supporting visitors while promoting the unique attractions and experiences Exmouth has to offer.

The recognition also comes at an exciting time for the Tourist Information Service, as it recently celebrated its 10th anniversary.

"We are absolutely thrilled to receive this recognition," said Rons Boatman, Tourism Officer for Exmouth Town Council. "Being named a finalist and now winning BRONZE is a testament to the hard work of our team, especially our wonderful volunteers. Their commitment enables us to deliver an exceptional service to visitors while also supporting the local community, and we couldn't be more grateful.

The Devon Tourism Awards celebrate the very best in the region's tourism industry, showcasing the exceptional efforts of organisations that contribute to making Devon a top destination.

Exmouth Town Council takes great pride in the accomplishments of the Tourist Information Service, which continues to be a cornerstone of the town's thriving tourism sector.
Visitors can learn more about the service and all that Exmouth has to offer by visiting the official website: Visit Exmouth – The Official Guide.

This Bronze award not only celebrates the efforts of the team but also reinforces Exmouth's position as a must-visit destination on the Devon coast."

Jessica Magill

ARTS OFFICER

Exmouth Festival

In 2024, Exmouth Festival spread across various sites in the town, creating a vibrant, dynamic atmosphere as people moved between locations. The response from festival goers was overwhelmingly positive, with many expressing their delight at the diverse entertainment, engaging workshops, and family-friendly environment. Once again, the festival reinforced its reputation as a highlight of Exmouth's cultural calendar.

Exciting Performances and Interactive Experiences: The 2024 festival kicked off with a dazzling carnivalesque opening, setting the tone for an unforgettable weekend. The streets were alive with the energy of performers, and as the celebrations continued.

A Festival for Everyone: For Free! One of the festival's defining features, and something that makes it so special, is that it remains completely free for all. Whether locals dropped in for an hour or two, friends gathered for a day of fun, or holidaymakers stumbled upon the festivities, everyone was able to enjoy the event without a cost. This commitment to accessibility and inclusivity continues to set Exmouth Festival apart from other events in the region.

Exciting Additions: The Festival Fringe. A new addition for 2024 was the introduction of a Festival Fringe, allowing local venues and community groups to host their own activities as part of the wider celebrations. This initiative created even more opportunities for participation, giving businesses and creatives a platform to showcase their talents and offerings.

Looking Ahead: The energy and enthusiasm generated by Exmouth Festival 2024 have once again proven that this event is a vital part of the town's identity. The success of the 2024 celebrations ensures that the festival will continue to evolve and delight audiences in years to come. For those who missed out, or for those already eager for 2025, be sure to stay tuned to the festival website and social media (@ExmouthFestival) for updates and announcements.

As the dust settles on another incredible year, one thing is clear – Exmouth Festival is not just an event; it's an experience that brings the community together, showcases incredible talent, and fills the town with joy. Here's to another unforgettable festival, and many more to come!

Exmouth Winter Festival Brings Festive Cheer to the Town

Exmouth Town Council was also thrilled to celebrate the success of the Exmouth Winter Festival, which took place on Saturday, 30th November. Marking the start of Advent, this joyful celebration of light brought the community together for a spectacular evening of music, entertainment, and festive spirit.

The Strand was filled with the sounds of the season as performances from the East Devon Rock Choir, La La Choirs, and young talents from Talent Box, Exmouth Youth Theatre, and Centre Stage delighted audiences. Walkabout entertainment added an extra touch of magic, with Flokki the polar bear, Blizzard the penguin, and the Thawed stilt walkers captivating festival-goers of all ages.

Visitors also had the opportunity to explore craft activities under the event's gazebos, where they could get creative and discover sustainable ways to celebrate Christmas. The festival was a reminder of the importance of community, creativity, and conscious gifting.
A highlight of the event was the enchanting lantern parade, which set off from Holy Trinity Church and made its way through the town centre to The Strand. Led by the lively sounds of the Little Big Horns, the parade featured a stunning display of handmade lanterns, bringing a warm glow to the winter evening.

The festivities culminated in the grand Christmas Tree light switch-on, with the honour of illuminating the town square bestowed upon the Mayor of Exmouth. The switch-on was met with cheers and applause, officially marking the start of the town's Christmas celebrations.
Local businesses also played a key role in the event, with visitors encouraged to explore Exmouth's shops and consider purchasing their Christmas gifts locally. The festival highlighted the town's vibrant shopping scene and the importance of supporting independent businesses during the festive season.

Exmouth Town Council extends its heartfelt thanks to all the performers, participants, and visitors who made the Winter Festival such a resounding success. The event truly captured the spirit of the season, and we look forward to bringing even more festive cheer to Exmouth in the years to come.

Remembrance Sunday 2024

Exmouth Town Council and the Exmouth Branch of The Royal British Legion invited veterans, residents, local businesses, and organisations to join us for our annual Remembrance Sunday Parade and Service in the Strand on Sunday, November 10th 2024.

Remembrance Sunday is a national opportunity to remember the service and sacrifice of all those that have defended our freedoms and protected our way of life. We remember the Armed Forces, and their families, from Britain and the Commonwealth, the vital role played by the emergency services and those who have lost their lives as a result of conflict or terrorism. The Parade was formed up by our Parade Marshal, Lt. (SCC) Sarah Andrews, on Imperial Road and proceeded along Victoria Road into the Strand for the commencement of the service which started with the sounding of the Last Post. This was followed by a two-minute silence marked by a bugler at 11am and then the traditional wreath laying ceremony.

We were delighted to see so many people in attendance to pay their respects and we extend our thanks to the Royal British Legion (Exmouth branch) for their involvement and to Exmouth Town Concert Band for providing the musical accompaniment.

If you require any further information on our plans for Remembrance Sunday 2025, please contact Reception on 01395 276167 or by email at reception@exmouth.gov.uk

Jingle and Mingle Community Showcase

The Jingle and Mingle Community Showcase, held on 18th December 2024, was another heart-warming event which brought together community groups and local organisations in the heart of Exmouth. Organised by Exmouth Town Council in partnership with Exmouth Christmas Village, the event provided a valuable platform for groups to promote their work, encourage community participation, and highlight volunteering opportunities.

Taking place in the Christmas Village Marquee at Strand Gardens, the event was a true celebration of Exmouth's community spirit. Attendees had the chance to connect, learn about the diverse range of activities available, and appreciate the contributions of local organisations. With free participation for groups, the showcase ensured inclusivity and engagement from all sectors of the community.

We hope that the event helped to encourage collaboration, raised awareness of local initiatives, and reinforced the strong sense of community that makes Exmouth so special. It was a joyous celebration of local spirit, engagement, and festive cheer!

Gorfin Hall

Gorfin Hall is a small community building which is owned and managed by Exmouth Town Council. Located off Salterton Road, it offers a modern, flexible space suitable for various activities such as arts and crafts, meetings, fitness classes, and children's parties. The hall can accommodate up to 60 people and facilities include a kitchen, toilets and on-site parking. During the day, it also serves as the home to Sunshine Preschool.

This year, the Town Council's Premises and Assets Working Party has overseen several improvement projects to enhance the facility, including complete interior decoration and the installation of a solar battery to harness the energy from our solar panels.

Exmouth Beach Wheelchairs

Exmouth Beach Wheelchair Service will re-open in the Spring of 2025. The service is provided by Exmouth Town Council from a purpose-built unit on Queens Drive, Exmouth, near the Lifeboat Station, and provides specially adapted beach wheelchairs for use by residents and visitors. This service is free of charge although donations are welcomed.

In 2024, the service was in high demand, with over 150 bookings from April until October. We were particularly pleased to welcome users from local residential homes, community groups and schools as well as visitors and residents of Exmouth and our surrounding towns and villages.

We still have volunteering positions available for 2025. If you are interested in becoming a volunteer, please contact Mollie Carey at Exmouth Town Council on 01395 276167 or email beachwheelchairs@exmouth.gov.uk

Thank you again to our beach wheelchair users, those that have donated and our wonderful team of volunteers.
